In 1996 our parents purchased property on Mitchell Lake and fell in love with the majesty of it's wildlife and sunsets. They spent their summers updating and constructing, creating a summer retreat for our large family to gather. Over time they purchased 4 properties. In our vision to keep their's alive, my sister and I renovated the properties and opened our doors in Summer 2017 to invite you and your favorite people to make lifelong memories on the Lake.
